

### Risk Management

Primary Staffing Source offers the industry's leading safety and risk reduction program. Our innovative risk control programs, on-site and job-specific training, and proactive evaluation of workplace procedures have helped reduce injuries by 75% to 100% at some client locations. For further incentive, injury-free employees are eligible for quarterly drawings and safety incentive rewards.

Primary Staffing Source provides workers' compensation insurance for our employees while on assignment. If an injury occurs, PSS handles all claims and expenses, relieving your company of the extra time and expense.

A partnership with Primary Staffing Source fffing helps you take control of your insurance and risk management to reduce the frequency and cost of claims. We provide assistance in the following areas:
